

## DUNNE MAY CALL SECOND SESSION

Downstate Members Insist Upon Foot and Mouth Legislation

## SOME REFUSE TO VOTE

Governor Is Urged to Postpone Call Until Early in January Because of Holiday Season

## HOUSE FRICTION DISAPPEARS

SPRINGFIELD, Ill., Nov. 29.—Indications tonight were that Gov. Dunne will call a second special session of the legislature to meet early in January for the purpose of enacting appropriations to pay the state's share of foot and mouth damage claims originating since the legislative session last winter. Such claims amount to about \$300,000, and there is about \$200,000 on hand with which to make payments.

**Some Refuse to Vote.**  
Downstate members of the assembly returned to Springfield today, insisting upon foot and mouth legislation. Some of them went so far as to declare they would refuse to vote for the pending state appropriation measures unless assured the governor would call another special session for the purpose of enacting legislation. With the lawmakers came a delegation of Chicago livestock men and bankers, making a similar request.

The legislators had been in the state capital but a little while, however, when word was passed around that Gov. Dunne, if asked by the livestock men and a sufficient number of the assemblymen, would call another special session for the enactment of foot and mouth appropriations.

Because of the approaching holiday season, which would make it hard for some members to get away from their business, the governor was urged to postpone this call until early in January. About a dozen members were reported to have signed an agreement to refrain from voting upon the state appropriation bills until a roll call is had upon Representative Medill McCormick's joint resolution, introduced last week, petitioning the governor to call a supplemental session to consider measures for the efficiency and economy commission, validating the Cook county good roads bonds voted a year ago and making foot and mouth appropriations.

Gov. Dunne is said to be favorable to putting the Cook county road validation in his call for another session, but is said to disfavor the efficiency and economy commission project.

**Attend Committee Meeting.**  
The delegation of livestock men and bankers tonight attended a meeting of the house agriculture committee and planned to make a formal request to Gov. Dunne tomorrow for a second special session for the passage of foot and mouth appropriation. In the delegation were:

A. A. Walter, vice-president of the Chicago Livestock Exchange; G. B. Van Norman, John T. Martin, Kay Wood, L. E. Herrick, William E. Heath, president of the Livestock Exchange (National Bank and Owen T. Reeves, president of the Drovers' National Bank. Only a comparatively few members attended tonight's session of the house.

The senate passed the bills last week, but because of errors in two of the bills will have to return again this week. In the state officers salary appropriation bill the items were totaled wrong. This will necessitate an amendment by the house and another vote on the bill by the senate.

Members of the legislature and Chicago livestock men and bankers late tonight called on Gov. Dunne at the executive mansion and petitioned him to call another special session of the legislature to enact additional foot and mouth appropriations. The governor did not give them a definite answer but it was intimated that such a special session might be called after January first.

A resolution requesting that Cook county good roads and the efficiency commission legislation be included in the call also was presented. The resolution was adopted at a conference of legislators tonight.

**Twenty Shy at Quorum.**  
When the house met tonight the point of no quorum was raised by Representative Mitchell of Chicago. A roll call showed twenty shy of a quorum, and the house recessed until 11:30 o'clock tonight.

Speaker Shanahan instructed the sergeant-at-arms of the house to make a tour of the hotels and railroad stations to round up members and instruct them to report at the state house for the midnight session.

At 11:30 the house reconvened. Representative Mitchell again raised the question of no quorum, but did not demand a roll call. Shortly afterward a late train arrived, bringing a sufficient number to make a quorum, and the house proceeded to advance bills.

The house worked for nearly an hour after midnight and then adjourned until 10 o'clock tomorrow morning. Indications tonight seemed

## THOMPSON REFUSES TO INTERVENE IN STRIKE

STATES DISORDER, VIOLENCE AND MURDERS MUST CEASE FIRST

Chicago Mayor Addresses Members of Chicago Church Federation at a Meeting Called to Discuss the Strike.

Chicago, Nov. 29.—Disorder, violence and murders growing out of the garment workers' strike must cease before Mayor Thompson will attempt to intervene, the mayor told members of the Chicago Church Federation today at a meeting called to discuss the strike.

"I know nothing of the merits of the garment workers' strike," the mayor said, "if there are people suffering from lack of remuneration I am sorry but the law should be obeyed. A committee representing the strikers came to me and I admitted them to my office. They tried to interest me in their cause. I said to them: 'I stand on my principles. The law must be preserved. If these people will stop their depredations I will consider the case.'"

"I suggested to them that they go home for a week and behave. They contended that if they did they would lose the strike. The next day another murder was committed. A man was beaten to death. I believe that meeting in the mayor's office had a tendency to encourage that murder. I believe this meeting today will have a tendency to encourage other murders."

"I don't know how you ministers feel," the mayor continued, "but when murders are committed and wives are attacked in their homes because their husbands are trying to make a living, I can't conscientiously enter into their controversy."

Miss Ellen Gates Starr of Hull House charged that young girls were being beaten by policemen and hired thugs. Miss Starr declared that the church federation could stop the strike if the members were determined to do so.

Sidney Hillman, president of the garment workers' union, pleaded the cause of the strike.

The federation had invited representatives of the employers to the meeting but the invitation was not accepted.

## PEACOCK INN WILL SPREAD INTO THE J. N. WARD BUILDING

Hood & Larson Secure Lease Which Will Give Them Needed Space—Business Has Grown in Grating Way.

While all details have not been made public it is generally understood that Messrs. Hood & Larson have leased from John N. Ward the building on the south side of the square he recently purchased from L. C. & R. E. Henry and will greatly enlarge "The Peacock Inn." Mr. Ward's building adjoins the Hoffman building where "Peacock Inn" was opened nearly four years ago. In fact the second story of the Ward building has been leased to Messrs. Hood & Larson for several years and is now used in connection with the second story of the Hoffman building.

About the first of the year extensive alterations are to begin and the ground floor space of Peacock Inn will be doubled. An archway will be cut connecting the two rooms and what is now the Henry store room will be a handsomely finished dining room. New fronts for both the Hoffman and Ward buildings are included in the betterment plans and the completed work will add greatly to the general appearance of the whole block.

It will be four years next February that the Peacock Inn was opened and from the very first the business has developed. Both Mr. Hood and Mr. Larson understand the business thoroughly and their ideal of giving Jacksonville a high class cafe has been consistently achieved. The announced standard of service has been to give the public something constantly better. The need for enlarged quarters and still more improved equipment has been felt for more than a year past but not until recently was the way opened for securing the desired changes. It is understood that Mr. Ward and Mr. Hoffman have both agreed with the Peacock Inn owners upon the changes which are to be made and that the work will be pushed along just as rapidly as possible.

## GALESBURG SECURES LOWER GAS RATES THRU ARBITRATION BOARD

GALESBURG, Ill., Nov. 29.—Galesburg rejoiced today because of a lowering of gas rates by an arbitration board. The reduction will save consumers \$15,000 yearly. The city will now have the lowest rate in the state except Chicago and suburbs.

The rate on the first thousand feet of gas will remain one dollar. The 5 cent reduction was granted on each of the next thousand feet and a flat rate of eighty cents a thousand for more than seven thousand feet of gas used in a month.

to be that the special session would be able to complete its work and adjourn this week. Practically all legislation disappeared when it became known that Gov. Dunne may issue a supplemental call for a session after the first of the year for the consideration of further foot and mouth appropriations.

## KITCHENER IN PARIS; KAISER IN VIENNA

Visits Will Have an Important Effect on the Near East Campaign

## BULGARIANS ADVANCING

Austrians Cross Montenegrin Frontier—Snow Stops Operations on Line in Serbia

## NO DETAILS OF GREEK REPLY

LONDON, Nov. 29.—The campaign in the Near East is about to enter a new phase, upon which the visit of Lord Kitchener to Paris and Emperor William to Vienna, it is believed, will have an important effect.

## Kitchener Arrives in Paris.

Lord Kitchener, after visiting the Balkans and Italy, has arrived at Paris for an important series of conferences with the French staff, while the German emperor has gone to Vienna to see Emperor Francis Joseph and discuss with the Austrian generals what the next move will be. Presumably it is a question whether the Central Powers will attack the Anglo-French forces in western Bulgaria to meet the threat of a Russian invasion from the east and the possibility of Roumania taking sides against her old enemies, Bulgaria and Turkey.

So far as Serbia is concerned, winter appears virtually to have put an end to any important movements, although the Austrians are proceeding to deal with the Montenegrins whose frontier they have crossed, while the Bulgarians are attempting to advance to Prisrend and Monastir.

## Snowstorms Retard Operations

With heavy and continuous snowstorms reaching the proportions of a blizzard these operations must be slow, especially as the Serbians and Montenegrins still are offering stubborn resistance. Monastir, it is admitted, cannot be saved but the Serbians defending the city are determined to resist to the last and give the civilians a chance to escape. They hold a front some five miles from the town in the direction of Prilep whence the Bulgarians are advancing. Snow has stopped operations on the Anglo-French front in Serbia, the opposing forces, who are separated by a valley a mile across, having lost sight of each other.

There are no details of the Greek reply to the collective note of the entente powers demanding facilities for the Anglo-French forces, but a despatch from Athens says it is couched in friendly terms and is considered to pave the way for a desired settlement which would enable Greece to maintain her neutrality and not interfere with the intentions of the allies.

## Desperate Fighting Around Gorizia.

Desperate fighting continues on the summits around Gorizia, the Italians claim to have captured more Austrian trenches, but the Austrians declare that the attacks all along the Isonzo have been repulsed. Artillery and aerial fighting has marked the progress of events in France, while in Russia an almost complete loss of activity, however, is reported, Petrograd recording several scouting expeditions.

After clearing the battlefield at Ctesiphon, near Bagdad in Mesopotamia, the British have again withdrawn to the river.

The Turks report that the British were forced to retire by reason of counter-attack, after suffering very heavy losses. Artillery engagements in which the British monitors take a hand, continue on the Gallipoli peninsula.

It is reported from Rome that Austria is seeking a separate peace, apparently with Italy.

In some quarters the German emperor's visit to Vienna is believed to lend some color to the rumor. The recent successes of the allies in Kamerun are considered likely forerunners of the complete defeat of the Germans there. They are now concentrated at Jaunde and although well supplied with guns, find it difficult owing to the British blockade of the coast to get munitions. The allied forces are converging on Jaunde while other columns are being sent off to cut any attempt at retreat from that town.

## A CORRECTION.

In Sunday's Journal, verses with picture which appeared on a Thanksgiving card were accredited to Miss Lucille Fox of Chapin. The young lady's name should have appeared as Miss Isabel Fox. Miss Fox is seventeen years of age and for several years past has in her school work given evidences of both literary and art ability which may develop into something unusual. It is her intention to continue her studies along these lines.

## GET ORGANIZATION WORK UNDER WAY

Senate Conference Re-Elects Kern as Chairman and Floor Leader

## MEET AGAIN WEDNESDAY

Opposition Develops to the Re-Election of Sen. Clark of Arkansas as Pres. Pro Tempore

## EXPECT TO LIMIT DEBATE

WASHINGTON, Nov. 29.—Democrats of both houses of congress today got their work of organization for the coming session well under way. The senate conference unanimously re-elected Senator John W. Kern of Indiana as chairman and floor leader and the house ways and means committee began the task of assigning members to committees. After choosing the party leader, the senators adjourned until Wednesday when they will hear the report of the special committee on revision of the rules and select the vice-chairman of the conference and the nominee for president pro-tempore of the senate.

**Oppose Clark's Re-election.**  
Opposition has developed to the re-election of Senator Clark of Arkansas, as president pro-tempore, because of his fight against the ship purchase bill at the last session. Thus far no other candidate has appeared but consideration of the matter was deferred at today's session upon request of several senators.

Senator Owen, chairman of the special rules committee, has called a meeting for tomorrow to consider the form of cloture rule to be submitted to the caucus. The rule is expected to limit each senator to a certain number of hours debate on a given subject and to provide that a senator must talk to the subject under discussion. This proposal is not expected to meet unanimous favor as some of the Democrats, while opposed to filibuster, do not feel that definite limitation of debate can be accomplished.

## Asks Larger Representation.

The house ways and means committee with Representative Kitchener in the chair received a petition from Minority Leader Mann for larger Republican representation on all committees in view of the increased minority membership. A tentative plan was agreed upon by which one additional Republican would be added to the ways and means committee, appropriations, military, naval and judiciary committees. No final decision was reached however, and it probably will be several days before the assignments can be worked out. The committee will meet again tomorrow. When reorganization of senate committees taken care of, Democratic leaders and three new Republicans must be taken care of. Democratic leaders are seeking to make room on the finance committee for Senator Underwood of Alabama, former chairman of the house ways and means committee, and it is probable that Senator Phelan of California will be assigned to the committee on naval affairs which is to be increased by one member.

## FIRE AT CEDAR RAPIDS CAUSES \$75,000 LOSS

FLAMES FOR A TIME THREATEN ENTIRE BUSINESS BLOCK

Heroic Work by Firemen, Who Were in Constant Danger from Falling Walls and Back Draft Explosions, Confine Fire to Three Establishments.

Cedar Rapids, Ia., Nov. 29.—A seventy-five thousand dollar fire, originating in the basement of the Cedar Rapids Saddlery company at 9:50 tonight, for two hours threatened the destruction of an entire block in the wholesale district of this city. Heroic work by firemen, who were in constant danger from falling walls and back draft explosions, confined the flames to three establishments—the saddlery house, a second-hand store and the Hubbard Rubber building. The loss is covered by insurance.

A back draft explosion which occurred shortly after the outbreak of the fire, buried two firemen in a mass of debris. One escaped uninjured but Milo Prusek of the Central Station sustained severe scalp wounds and a sprained back and was removed to a hospital.

Altho the ruins were still blazing at midnight the fire was under control. A high wind carried the embers over the business portion of the city causing two additional alarms, but the losses in other section were small. The cause of the fire has not been ascertained.

## TWENTY FIVE STEAMERS BLOCKADED AT LOWER END OF LAKE ST. CLAIR

DETROIT, Mich., Nov. 29.—Twenty-five steamers downbound with capacity cargoes valued at several million dollars, were blockaded this afternoon near the lower end of Lake St. Clair, the result of low water and stranding of the Steamer Caldera.

A northwest gale blew much of the water from Lake St. Clair today. The weather bureau forecast continued high winds for tonight. Shipping delays at the present time when rates are high, means losses of many thousands of dollars.

## AVAILON SUFFERS DISASTROUS FIRE

Los Angeles, Cal., Nov. 29.—More than half the town of Avalon, on Santa Catalina Island, was destroyed by fire today. The two principal hotels, a number of business blocks, the bath house and clubs were burned down and the pier and freight houses were damaged before the fire was brought under control. Estimates of loss run as high as \$1,000,000. Practically all of Avalon was owned by the Banning company, which also owns Santa Catalina Island.

## GOVERNMENT CLOSES CASE.

New York, Nov. 29.—The government's case against officials of the Hamburg-American line on trial for conspiracy to deceive and defraud the United States by despatching relief steamers with supplies from American ports to German cruisers at sea in 1914, was closed today. The defense may present all its evidence tomorrow and the case be given to the jury Wednesday.

## THREE BANDITS ROB BANK.

Minneapolis, Minn., Nov. 29.—Three armed bandits entered the Camden Park State Bank, on Washington avenue, North, today, drove three employees into a vault, drove a number of customers into the street, obtained \$1,500 and escaped in a stolen delivery wagon. They overhauled a package containing \$4,500.

## TEACHERS WIN SECOND VICTORY

Chicago, Nov. 29.—The Chicago Teachers' Federation which is a labor organization won its second victory in the courts today when Judge Sullivan denied a motion to dissolve the temporary injunction restraining the board of education from enforcement of Loeb resolution which bars members of the federation from employment as teachers.

Mr. and Mrs. L. M. Bolton of Springfield spent Sunday at the New Douglas hotel. Mr. Bolton is a member of the Ballard-Johnson Co. of the capital city.

## CANADA FIXES PRICES FOR WHEAT

Apply Quotations Which Ruled at Close of Winnipeg Markets Saturday

## 20,000,000 BUSHELS

Claims of Dealers for Extra Compensation Are Not to Be Entertained

## SEIZURE PUZZLES EXPORTERS

OTTAWA, Ont., Nov. 29.—The sub-committee of the Dominion cabinet tonight fixed the prices which are to be paid the dealers whose wheat has been peremptorily commandeered. After prolonged consideration and conferences with the representatives of the interests affected it was decided that the prices to be applied are those which ruled at the closing of the markets in Winnipeg on Saturday, namely \$1.04 3/4 per bushel for No. 1 Northern, \$1.03 1/8 for No. 2 Northern and \$1.03 1/4 for No. 3 Northern.

The claims put forward by dealers today for extra compensation on the ground that they will be unable to execute contracts with millers and others for a supply of wheat are not to be entertained and on payment of the prices indicated the liability of the government is to be discharged.

Something like twenty million bushels are to be taken over in this consignment and it is stated here by competent officials that it would not be surprising if the bulk of Canada's exportable surplus is acquired in this manner, altho the commandeering process may not again be invoked.

New York, Nov. 29.—The commandeering of Canadian wheat by the Canadian government was interpreted here today by grain exporters as possibly the first step by England not merely to take over all Canadian grain but to smash ocean freight rates by requisitioning the Atlantic freighters. Exporters regarded the situation as undoubtedly serious from their point of view.

Julius Barnes, one of the leading exporters on the New York produce exchange, asserted that the British government could virtually drive the American grain exporter out of business if it chose.

"The seizure of Canadian grain", he said, "has left us all at sea. None of us know yet just what it means but if the British government intends, as is possible, to take over all of the Canadian grain crop it is going to put us in a serious position."

For some time there has been a rumor current in New York exporting circles that Great Britain intended to take over all her Atlantic merchant marine as a drastic step toward breaking the high freight rates. Mr. Barnes declared that the Canadian grain seizure looked very much like the first step in this direction.

It also was reported that the grain had been commandeered on behalf of Italy, the Italian government having urged the British government to order the step on London in order to escape the heavy burden of the present twenty-five per cent rate of exchange against it in New York. J. Ward Warner, president of Produce Exchange, discounted this report as he said he understood Italy was not making individual purchases but that grain was being bought in common for England, France and Italy.

In Wisconsin prison there is a trusty who has served 44 years on a life sentence for murder. Now an effort is to be made to secure his release. Frequently prisoners are paroled whose subsequent records throw disrepute on the system but for a man who has spent nearly a life time behind prison walls and who has made a good record there, humanity demands release.

Gov. Dunne has wisely refused to call a supplemental extra session of the Illinois general assembly. The needed laws occasioned by the Ferguson suit can be given attention at the present special and other proposed legislation can await the regular session. Meanwhile it might be well for public officials to enforce the laws now on the statute books. The people know little or nothing of half the laws already enacted.

There was no lack of enthusiasm at a revival meeting in an eastern town recently. A small boy placed a hornet's nest near the church stove and it was not long until the hornets sallied forth and made things interesting for the congregation. The evangelist was ignored and the meeting broke up in confusion. That was an occasion when Peter Cartwright would have been in his glory.

A New Jersey court has declared that a girl's face is worth at least \$1329. The maiden referred to was

#### DECEMBER.

December blusters, to remind us that time's as busy as of yore; this year is nearly all behind us, another year is at the door. December's

loud and rude and burly, with snow and slush his beard is wet; he bids us do our shopping early, lest we forget. He seems wrought up to bootless madness, the last month of the dying year; he fills old people's hearts with sadness, reminding them they're gray and sere. When skies are blue and soft winds blowing, the old folks may feel young again; they dwell not on the thought of going out from this bright, glad world of men. But every bellow of December, that seems to come from throat of brass, can only cause them to remember that time speeds on, and flesh is grass. December's grim and fierce and surly, his brow obscured by gloomy clouds; he bids us do our shopping early, and buy our Christmas biers and shrouds.

hanging out handkerchiefs on a line when the balcony on which she was standing collapsed and she fell to the ground, suffered a shock to her nervous system and scarred her face. Suit was brought for \$5,000 and a verdict for \$1329 was awarded and the finding later upheld by the supreme court. The big question of the value of beauty has at last been settled.

The great war has even had its influence on the children's toys for Christmas. Military and war equipment in miniature form quite a large portion of the toys for boys, with swords, guns and cannon predominating some of them fashioned after the most modern ideas. Then the girl's dolls are all dressed as war nurses or as poor peasants. The war brings death and affects life everywhere.

Jefferson City, Mo. is being rapidly reformed during a revival meeting conducted by Charles Reign Scoville, an evangelist well known in Jacksonville. Two members of the Missouri supreme court, the governor's son and other prominent persons are among the "converts" and pious times are promised in the Missouri Capital. There have been periods there in the past when piety was not at a premium and the "sawdust trial" was unknown. Scoville will soon rival his contemporary "Billy" Sunday.

#### How the City Was Named.

A communication which Henry T. Day had recently in the Peoria Star should result in some expression of opinion in Jacksonville, reviving a discussion which has been heard from time to time. Mr. Day wrote to the Star that he wanted to take issue with the authority who said that Jacksonville was named in honor of a prominent colored minister. Mr. Day then goes on to say that he has understood from the historical encyclopedia of Illinois and from other sources of information that Jacksonville was laid out in 1825 and named in honor of President Andrew Jackson.

President William Sproule of the Southern Pacific company said in the course of his recent address at the bankers' convention: "There are in the United States over 250,000 miles of steam railroad, which have about 600,000 shareholders and about 1,750,000 employees. This figure, roughly, one shareholder to three employees. If you will average the railroad shareholders they will stand within 700 yards of each other every mile of steam railroad in the nation. This means that throughout the United States each shareholder would be in plain sight of two other shareholders along the right of way. Yet because of the free and easy way in which the public has attached to the railroad properties the names of well-known men, the people generally have a vague belief that the railroads are owned by a very few wealthy people. The facts run to the contrary. The railroads are owned by a great army of the people; people who have put all their savings into railroad shares until 600,000 of them are direct owners."

#### The "Chemical" War.

The present war has been frequently called—not inaptly—a "chemical war" because so many of the destructive energies at work are due to modern advances in chemistry, particularly in our knowledge of the nitrogen compounds. This designation has seemed, perhaps, a slur on the science of chemistry. It has even been hinted that chemistry is more harmful than beneficial, and that its development represents a serious detriment to mankind. In an address presented at the meeting of the American Chemical Society, Dr. L. H. Baekeland discusses some of these imputations. This is by no means the first "chemical" war. The art of killing and robbing became chemical the day gunpowder was invented, how long ago we are not quite sure; but it is certainly over 1,000 years ago and perhaps nearer 2,000 years ago. Napoleon, over 100 years ago, was probably the first to recognize that chemistry and the related sciences might be used to great advantage in giving him decided advantages over his enemies. Incidentally he thus helped to lay the foundation for some important branches of chemical industry. It was not very long, however, before his enemies learned the lessons of chemistry, and he is reported to have stated that "the dogs have learned something from us." The perversion of chemistry to military uses has been only a side issue. Some of the most important advances in military methods have originated in some of the most beneficial steps in progress made by chemistry. Dr. Baekeland insists emphatically that it is not fair to reproach chemistry with "the fact that nitrocellulose, of which the first application was to heal wounds and to advance the art of photography, was stolen away from these ultraclean and highly laudable purposes for making smokeless powder and for loading torpedoes." Nor is it fair, in the opinion of The Journal of the American Medical Association, to blame the chemist for the fact that phenol (carbolic acid) which in Lister's hands revolutionized surgery, was turned from a blessing to humanity into a fearful explosive after it had been discovered that nitration changes it into picric acid. Curiously enough, many of those who have been engaged in diverting or perverting chemical compounds from usefulness in peace to the greatest destructiveness of war have been convinced that this very destructiveness from its awful character would produce an inevitable reaction which would guarantee peace. Alfred Nobel, the founder of the world peace prize, was a manufacturer of dynamite and made a fortune in high explosives. He fondly hoped that these high explosives would make war so destructively as to put an

end to it forever. The old Romans had a maxim that from the abuse of a thing no argument was valid against the use of it. Chemistry has been an immense boon to the human race, even though at times its misuse has led to some of the worst calamities of human history.

#### GEORGE TANDY IS ELECTED

#### CAPTAIN OF N. CAROLINA U. TEAM

The News-Leader of Richmond, Virginia, speaks of the work of George Tandy, who is playing center on the North Carolina team in the game which N. C. U. played against Richmond, Richmond winning by a score of 11 to 0. The article says: "After the game this afternoon it developed that George Tandy played nearly the entire contest with a broken shoulder bone. He will have to wear an arm in a sling for some time. It was really a victory for North Carolina, everybody conceding that the laurels belong to the boys of Chapel Hill. The N. C. U. team did not start to crumble until Tandy, the great center of the south, who played a brilliant game was forced to leave the field."

Tandy recognized as the best center in the south was tonight elected captain of the 1916 North Carolina University team."

Mr. Tandy writes that George did not suffer any broken bones altho he was severely bruised.

Remember the First Baptist church supper tonight.

#### WINCHESTER.

The musical department of the Woman's club gave a sacred concert Sunday night at the Christian church in Winchester. Members of the club gave a program which was highly appreciated by all who had the good fortune to attend. Miss Isabel Henderson accompanied the chorus and Miss Ethel McClure played the prelude and the offertory. The numbers follow:

"At Eventide It Shall be Light", from "The Holy City", Gaul.—The Chorus.

Prayer—Rev. H. D. Toomey.  
"Precious Savior, Pilot Me", Lorenz.—The Chorus.

Scripture reading by the Rev. H. D. Toomey.

"Psalm 157", Liszt—Mrs. Demerath and chorus.

Hymn by the congregation.  
Solo, "There is a Green Hill Far Away", Gounod—Miss Marie Frost.

"List, the Cherubic Host", from "The Holy City", Gaul.—The Chorus.

Benediction—Rev. G. E. Prewitt.

Thomas Lashmet, Milo Martin and Paul Markille have completed a Winchester visit and returned to resume their studies in Quincy.

Mrs. Earl Owings and children left Monday for their home in Canton. Dale Owings accompanied them.

Twin sons were born Sunday to Mr. and Mrs. John Evans, but Monday forenoon one of the infants died.

Ralph Overton and Harold Felton, of Modesto, have returned to campaign after visiting the parents of the former, Mr. and Mrs. James Overton.

The ladies of the Presbyterian church will give a chicken pie supper at the church Wednesday evening.

The junior class of the high school will give their annual play Friday evening. A well selected cast will present "Galliger".

Dr. William O'Reilly Monday removed to the residence formerly occupied by H. H. Allen.

Mrs. James Barden returned Monday to Galesburg after a visit at the pleasant home of Dr. James Miner and Miss Bertha Miner.

Roy Johnson arrived Sunday from Griggsville to visit the family of his uncle, Edward Rohrig.

#### AGAIN THE LANES.

Not long ago, I wrote about Generals James H. and Joseph Lane, formerly distinguished public men of the West, and of former Senator Henry S. Lane of Indiana; Joseph and H. S. being related.

Many of our citizens know Mr. Wm. J. Lane son of the Rev. John M. Lane and Mary E. (Sibert) Lane. Wm. J. now resides in Los Angeles, and writes as shown in the subjoined letter.

Los Angeles, Cal. Nov. 22, 1915.  
Mr. Ensley Moore,  
Jacksonville, Illinois.

Dear Sir: Your historical articles have been to me of much interest. Today I notice one on James H. and Joseph Lane of Indiana, the latter a cousin of Henry S. Lane of Indiana's governorship.

Mother told me that father had mentioned to her that relationship existed between his family and that of Henry S. Lane.

When on my way to Boston in 1889 going to school, I visited father's half brother, William Lane and other relatives near Columbus, Ohio, when he told me that grandfather, Joseph Lane, a local preacher and school teacher, came from North Carolina. I have never traced matters further but fancy he was in the Joel Lane connection of which you speak.

Wm. J. Lane.

#### ADDRESSED STUDENTS.

Prof. C. L. Beach, president of the Connecticut Agricultural college, addressed the students of Illinois College Monday morning on the subject of the "Advantages of the Small College." He was accompanied here by Mrs. Beach and they are returning to their home from a visit in California. Mrs. Beach is a sister of Mrs. J. F. Langston and is a second cousin of Prof. Rufus Crampton.

E. R. Cowdin of Chapin visited city friends Sunday.

## MORTUARY

**Artz.** Martha Eleanor Artz, aged five years, died Saturday afternoon at 4:15 o'clock, at the home of her parents, Rev. and Mrs. J. E. Artz, of Ashland. The child had been ill only a few days previous to her death and her sickness had not been deemed serious. The devoted little one's sudden passing away was therefore all the more sudden and the shock and grief all the more great. Rev. Mr. Artz is pastor of the Methodist church of Ashland and some years ago was in charge of the Brooklyn church of this city. The deceased is survived by her parents, and the following brothers and sisters: J. Edward, Jr., Alva M., Kathleen Elizabeth, and Mrs. Frank R. Todhunter of Columbia, Mo. Mrs. Todhunter will be remembered by many people in Jacksonville as Miss Jeanette Artz. She is a half sister of the deceased. Funeral services will be held at Ashland this morning at 8:30 o'clock. The body will then be brought to Jacksonville on the 10:10 o'clock Chicago & Alton train and interment made in Diamond Grove cemetery.

**Long.** George Long of Kansas died recently. He was formerly a resident of this city where he was well known. He was the father of Mrs. Charles Seymour of East Morgan street. The remains are to be brought here for burial.

**Solomon.** John Henry Solomon of Palmyra, died at 10:30 o'clock Monday morning at a local hospital after an illness of three weeks. Deceased was the son of Jesse and Nancy Stimmitt Solomon and was born in Palmyra, Nov. 8, 1851. He was united in marriage in 1877 to Nancy Humphrey. To this union seven children were born of whom four survive. They are, Albert, Lee, Minnie and Robert, all of Palmyra. His first wife died in 1896 and in 1899 he was married to Miss Martha Vance who survives him. He is also survived by two brothers, William J. Solomon and George M. Solomon of Palmyra and three sisters, Mrs. Sarah Van Court, of Boise City, Mrs. Mary Humphrey and Mrs. Martha Humphrey, both of Palmyra. There also survive two grandchildren.

Mr. Solomon was a member of the Odd Fellows and also of the encampment. The remains were removed to the undertaking parlors of W. W. Gillham and prepared for burial and were sent to Palmyra on the Burlington at 2:08 o'clock Monday afternoon.

**Whiteman.** Mrs. Martha Whiteman died Monday evening at 8 o'clock, at the home of her daughter, Mrs. John Thomas, southeast of Litchberry, after an illness of more than six months duration. She was 74 years old and was numbered among the pioneer residents of Morgan county. She united with the Methodist church early in life and her long life was characterized by cheerfulness and good works.

Martha Cox was born Nov. 13, 1841, in the Shiloh neighborhood, the daughter of Jefferson and Ruth Smith Cox. Her earlier years were spent in the Shiloh vicinity and in 1861 she was married to Jackson Whiteman. Mr. Whiteman died Oct. 24, 1874. Mrs. Whiteman leaves a half brother, John Wardfield, and half-sister, Mrs. W. P. Waterfield, Jacksonville; and five children, Dolly wife of J. S. Evans, Portland, Ore.; Fannie, wife of John Thomas, Litchberry; Retta, wife of Nelson McCann, Rockport, Ill.; Charles Whiteman, Litchberry; and Mrs. Carrie Holmes, 621 South Kosciusko street, Jacksonville.

The funeral will be held at 10:30 o'clock Wednesday morning at Shiloh church and burial will be made in Hebron cemetery.

## MATRIMONIAL

**Chandler-Holmes.** Clarence Chandler of Beardstown and Miss Dora M. Holmes of Prentice were united in marriage Monday morning at 10 o'clock by Justice W. T. Dyer at his office in West State street.

**Ticknor-Hopcroft.** The marriage of George B. Ticknor and Miss Edith Grace Hopcroft took place Sunday afternoon at 1:30 o'clock at the residence of Mrs. J. W. Moon, 214 Kentucky street, the Rev. W. E. Spooner, pastor of Northminster church, saying the ceremony. Mr. and Mrs. Hopcroft, parents of the bride, were present to attend the wedding. The bride was becomingly

## PASTOR REVIEWS EASTERN FAITH IN FIRST NUMBER OF SERIES

"Buddhism and Superstition" Subject of Rev. M. L. Pontius at Central Christian Church—"Mohammedanism" Next Sunday Night.

Tho the faith of one third of the human race, Buddhism is not truly a religion, containing as it does elements of rationalism, pantheism and atheism, said the Rev. M. L. Pontius, speaking Sunday night at Central Christian church in the delivery of the first sermon of a series which will extend well thru the winter months. In conclusion the minister spoke of the darkness which rests upon India today and Miss Cora Graham sang, "India, Sad India."

"Buddhism does not rest altogether upon a foundation of superstition as some assert," said the speaker, "and in its formation there is practically none of the superstitious element. Before one charges another religion with superstition he should ask himself three things: Is there superstition in my life, and do I regard with superstitious feeling the happenings of daily life? Is there superstition in the civilization of which I am a part? and finally, is there superstition in my own religion?" Referring to a number of popular beliefs in omens and signs which go to prove to what wide extent superstition is current today among thinking people even, the speaker continued with a brief account of the life of Gautama Buddha, the Indian prince who renounced family, friends and high estate, and seeking perfection in the life of a wanderer, was at last enlightened when sitting under a large tree by the sacred river of India.

"There are in the ranks of Buddhism some 500,000,000 people, or one in three of the earth's inhabitants," the speaker stated. Simplicity and rigorous self-denial are required of the Buddhist priests who in their journeying from place to place are limited to eight articles of possession, a loose garment, two undergarments, a girdle, bowl for alms, a razor, a needle and a strainer for water. They are taught and seek to teach the commandments—thou shalt not lie, thou shalt not steal, commit adultery, or drink intoxicating liquors.

The fallen far from the high standard of its founder Buddhism contains next to Christianity the best moral system of any world religion. Buddhism should not, however, be called a religion, because it knows no God. It is not recorded that Buddha himself ever engaged in prayer. His idea was that the intellect was supreme. There is nothing but a supreme intelligence in the world, the constituent and essential parts of which are human minds.

By crucifying passion and appetites and subduing desire and by a series of transmigrations, the soul becomes pure enough to be merged into the supreme being of the great all. The Buddhist heaven is a place of rest and is practically equivalent to annihilation. Like Christianity, Buddhism is not a religion of its birth-place, Had India accepted Buddhism and regarded fully the teachings of its founder it would have been far better for the countless millions who live and have lived under Brahminism, its unjust and rigorous system of caste and corrupt, idolatrous priesthood.

### WITH THE SICK.

Mr. and Mrs. Wm. Foster of Alexander visited their son, Walter, who is a patient at Dr. Day's hospital.

Major John A. Vickery, veteran clerk at the Dunlap hotel was on the sick list yesterday. Major Vickery has been behind the counter at the Dunlap for so many years that it does not seem natural when his face does not appear to patrons. His many friends hope he will soon be able to resume his duties.

Mrs. Samuel McKean of Moorcroft, Montana, is in the city for the purpose of a surgical operation which she expects to undergo at Passavant hospital tomorrow.

Miss Bess Hadden is ill at her home on Caldwell street.

Harrison Dickson was taken ill yesterday and expected to go last night to his home in Springfield.

I. Deja of Virginia is a patient at Our Savior's hospital.

Mrs. Henry Greenstone has gone to Our Savior's hospital for an operation to be performed today.

### SOCIAL EVENTS

#### Masquerade Party.

Miss Lynette May Brown has issued invitations for a masquerade party to be given next Friday evening at her home, 907 West State street.

#### CENTRAL CHRISTIAN CHURCH ADOPTS FINANCIAL PLAN

The "every member" canvass as a means of securing funds for the current expenses and philanthropies of the church was formally presented to the congregation of Central Christian church Sunday morning and adopted by a vote practically unanimous. After introductory remarks by the pastor, Rev. M. L. Pontius, the motion for adoption was put by A. C. Rice, chairman of the board of elders. During the past months several speakers have appeared in explanation of this means of church financing.

#### COMPANY INCORPORATES.

The Caldwell Engineering company of this city with a capital stock of \$2,500 was incorporated Monday in Springfield. The men in the company named were H. L. Caldwell, B. M. Poulson and S. J. Dalton, Jr. The firm has been doing a very successful business.

### ALBERT GOULD DOD

#### DIES IN MISSOURI.

Albert Gould Dod, son of Prof. William and Elizabeth Ann Jones Dod, died recently at his home, Meadow Farm, near Knox City, Mo. Prof. Dod was at one time a teacher in the second ward school and during the year of 1865-6 taught in Illinois college. He was a man of peculiarly lovable disposition and highly cultured. He taught only a year in the college and then went elsewhere. He had three sons Albert, John and George and all attended Illinois College between 1865 and 1870. Albert moved away at an early date; John married Miss Hannah Gallagher and was for a time engaged in the drug business in the establishment now owned by J. A. Obermeyer & Son. George studied law and for a while had an office in the Gallagher block. Albert turned his attention to farming in Missouri, where he has lived since leaving Jacksonville. He was a member of the second Missouri cavalry and served thru the war being private secretary to Gen. Rosecrans a part of the time of his service was an elder in the Presbyterian church for the last 24 years of his life. He is survived by his wife and five children. At the funeral the officiating minister paid him the highest encomium.

### SUNDAY SCHOOL RALLY AT FIRST BAPTIST CHURCH

Next Sunday will be Sunday school rally day at the First Baptist church and already great preparations are being made for it. In the morning at 9:30 there will be exercises in the Sunday school followed by a special message by the pastor at the regular hour of church services. In the evening there will be special rally day exercises where there will be scripture reading by the various classes and led by Carl H. Weber, Sunday school superintendent, and an address by Dr. W. B. Morris, the state worker assisting in the institutes being held about the county.

### PRINTER AT DEAF.

The appointment of Herbert J. Henderson, as printer at the State School for the Deaf, was certified to Monday by the Civil Service Commission and he will take up his duties at once. Mr. Henderson for a great many years was engaged in the printing business being a partner of Clarence De Pew. He succeeds at the school for the Deaf Macy W. Brents, resigned.

### PASSAVANT NOTES.

Robert Reid, who was accidentally shot, while playing with a companion was taken to Passavant hospital Monday, where the bullet was removed, the lead having been located by means of an X-ray.

Visitors at the hospital Monday included Mr. and Mrs. Oliver Cox of Franklin; E. H. Wildman, Springfield; Mrs. G. A. Clark, Winchester; C. B. Danner, Winchester; Frank Anson, Roadhouse.

### VISITS CITY SCHOOLS.

Miss Mayne Sackett, who has been a guest at the home of her sister, Mrs. O. H. Buhrman, 1450 South Main street, returned Monday afternoon to resume her duties as primary teacher in the Slade School, East St. Louis. Miss Sackett spent the day Monday in visiting the schools of Jacksonville, giving especial attention to primary work at three of the grade buildings.

### AN ACCEPTABLE PRESENT.

The rear of the historic Rapp harness establishment is the well known stopping place of a number of worthy gentlemen, among whom none is held in higher estimation than Mayberry Walter, so well known to almost every one. The frequenters of the place and the members of the firm thought it wise to show their friendship for Mayberry in a substantial way so they raised a goodly sum and deputized Deem to expend it for Mayberry's benefit which he did to the extent of a fine new hat and various other acceptable articles and Mayberry returned his heartfelt thanks.

## Some Topics of the Farm

This is somewhat cold weather for sales but there will doubtless be a good attendance at the M. N. Lewis sale today at his farm eight miles west of Jacksonville. The sale is to begin at 10:30 o'clock with Chas. Taylor as the auctioneer and H. C. Clement as the clerk. Three horses, a number of cows, steers, hogs and sheep will be sold, in addition to farm implements. The Smith sale held two weeks ago was one of the most successful of the year and rainy weather did not interfere, so that the cold and the snow will probably lessen the crowd today.

### Silage.

An experiment conducted at the Kansas Experiment Station shows that silage reduces the cost of producing butterfat from 30 cents to 21 cents. The herds in this case were of sufficient size to give reliable data and eliminate the difference that might occur between two cows. The lot which were fed silage gave seven pounds more milk in the summer and 95.5 more in winter per month than the herd which were fed dry feed. The butterfat was also increased by .46 in summer and 4.6 in winter. The difference in the cost of feed was even greater. The silage-fed cows saved 60 cents per month in the cost of feed.

### Greatest Horse Market.

Chicago, Nov. 27.—Chicago today is the greatest horse market in the world. More than 100,000 horses have sold for \$12,000,000 thru the local market in the last six months. The European war's demand for artillery and cavalry mounts is responsible for this return of King Horse to the throne from which the automobile spilled him.

Demand from Mexico have added not a little to the business in horses here. At first agents for the European governments were secretive about purchases. Everyone knew horses were being bought but few persons ever saw the agents. It was while the allies' agents were buying incognito that the record sale of 7,031 horses in one week was made, in November, 1914. Now the agents buy openly.

During the week ending November 6, 5,000 horses were sold. In the same period two years ago 839 horses was considered a good number to sell a week. From 3,000 to 4,000 horses sold weekly these days is an average.

The horses bring \$120 to \$240 a head \$250 being paid for artillery horses. Draft horses sell for from \$200 to \$300 a head. \$300 being paid for horses of between 1,550 to 1,750 pounds. There have been innumerable spy scares at the yards and vigorous measures of protection have been adopted, but there have been no arrests.

### Sells Hogs to Avoid Cholera.

E. G. Dewees, whose farm is five miles northwest of Jacksonville, recently sold fifty-one head of hogs which averaged 143 lbs. The price secured was 6c. Mr. Dewees said yesterday that he would not have sold the hogs, as they were very light, but he did not feel like taking the chance with cholera. He did not have a sick hog on the farm but so many farmers in the same locality did have cholera that he thought the chances were good for his drove contracting the disease. He decided to sell off his hogs with the intention of buying others in January or February, according to market conditions and after a period of cold weather. He believes the chance will be better for feeding them and that there will be less likelihood of disease in the midst of winter weather.

This year Mr. Dewees has about 115 acres of corn and he has contracted several thousand bushels at the Joy Prairie elevator. Two men on the place are now shucking out the corn sold and delivering it from the field. Thirty acres has already been shucked and it has averaged 65 bushels to the acre.

### Writes About Sudan Grass.

Orval J. Deffenbaugh of La Salle County, writing in the Prairie Farmer has the following about Sudan grass:

"In a recent issue of Prairie Farmer I saw an article on Sudan grass. Perhaps your readers would be glad to hear what it has done for me in Livingston county."

"The U. S. Department of Agriculture sent me about eight pounds of pure seed to try in this locality. The seed was free from Johnson grass and other obnoxious weeds, which might not be the case with some southern grown seed. I sowed the seed in rows 30 inches apart and cultivated during the summer. Our spring was cool and the grass did not grow as it would in a more favorable year. It grew an average of about seven feet. I got only one crop of seed, 1,692 pounds, and one and one-third acres, which the eight pounds covered. That is about 1,260

### ADMINISTRATOR'S NOTICE.

Estate of E. C. Mayer, Deceased. The undersigned having been appointed administratrix of the estate of E. C. Mayer, deceased, late of the county of Morgan and the state of Illinois, hereby gives notice that she will appear before the county court of Morgan County, at the court house in Jacksonville, at the January term, on the first Monday in January next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 15th day of November, A. D. 1915.

Jennie M. Mayer, Administratrix.

pounds of seed per acre. For a test I cut a little plot twice for hay and each cutting was about five feet tall.

As to the feeding value of this hay, Mrs. B. Youngblood, director Texas Experimental Station gives the following analysis:

Moisture .....5.81 per cent  
Ash .....8.15 per cent  
Ether extract .....1.68 per cent  
Protein .....9.13 per cent  
Crude fiber .....26.75 per cent  
Nitrogen free extract 48.48 per cent

"From this it can readily be seen that it is a valuable hay for all kinds of live stock. Undoubtedly it will not replace alfalfa or clover in this country, but I think it an excellent thing to feed in connection with them or in case the dairyman has failed to get a catch of clover. If it freezes out he could sow Sudan grass in the spring and get a fine lot of good hay for feed during the winter. Considering the larger yield he gets more pounds of protein per acre from Sudan grass than would be possible with clover. And in conclusion I wish to say that the grass made a success in its new home and in time I believe many farmers will be sowing it."

### Prefers Red Hogs.

E. P. Kinnett, residing seven miles northeast of the city, has a good record as a tiller of the soil. His ideas differ somewhat from those of his neighbors. For seed corn he sends to Iowa for a kind of large white ears which he likes best. He believes in fallow plowing but doesn't care to cut and turn under the stalks. Instead, he rakes and burns them to get them out of the way and to destroy any insects that may be harboring in them. He will have probably fifty bushels to the acre this year. He has done some better than that in times past. In the spring he is careful to prepare a good seed bed by discing, dragging and harrowing or dragging and harrowing if the field is cloddy he rolls the ground so as to get it in still better shape. He plows the corn about four times and puts the cultivator down deep each time and stirs the ground well. He will husk mostly from the stalk this year though he sometimes cuts his corn.

For hogs he much prefers the Duroc Reds as he considers them harder and more profitable generally, and better foragers for their feed and more prolific.

He uses the small, individual houses for his hogs and is thus able to move them about the place gaining much thereby in the way of cleanliness and fertilizing the field. Not long since he marketed 23 April pigs, a trifle under eight months, and they averaged 233 lbs. each which was certainly a good showing.

### Peculiar Hog Feed.

A gentleman said yesterday that he had a neighbor on or near the Illinois bottoms owning a patch of ground good for melons of which he had a fine crop but he had also a neighbor who had a lot of breachy hogs which would persist in getting into the melon patch in spite of fences and other obstacles. Finally he determined to adopt heroic measures to rid himself of the trouble. Some creatures and bought a lot of arsenic and loaded some of the melons with it and to his astonishment the hogs ate the stuff and actually thrived on it.

### GOOD SINGING ACT AT GRAND.

Gorman Bros. opened a two days' engagement at the Grand Monday afternoon. The Gormans sing their own songs and have some excellent comedy to go with them. They have just finished an engagement of 55 weeks at the Congress cafe in Chicago. One of their best hits is "Wouldn't You Do It Too, Judge?" They captured the audience Monday afternoon and evening and should draw big audiences today.

Miss Elizabeth Zellar, a student of the state normal university at Normal, spent the Thanksgiving vacation with home folk in Alexander.

### ARLINGTON MERCHANT FEELS BETTER

Friedrich Redeker, a business man of Arlington, Ill., was a victim of stomach and digestive troubles. He went to a hospital for an operation for another trouble. When he recovered from the operation he found his stomach trouble worse and his heart affected.

He took Mayr's Wonderful Remedy. He got his appetite back and gained in strength right away. He wrote: "I owe you some words of congratulation for your stomach remedy. I could not eat anything but soft food and the bloating from gas got so bad that at one time I had a fainting spell for three hours. I went to one of our Chicago drug stores and got your remedy. I took the remedy and the next morning was relieved. I am getting stronger and can eat anything that comes along."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. ## FRANKLIN BURGLARY CASE SETTLED

DEFENDANTS GIVEN 30 DAYS AND FINE OF \$1 EACH.

Case of People vs. Elizabeth and John Carter on Arson Charge Will be Concluded Today—Other Orders Entered on Docket.

Judge Norman L. Jones spent a busy day in the circuit court Monday afternoon. Judge Jones arrived in the city on the Alton from the south and opened court at 1:30 o'clock. A number of cases were disposed of and some of them were of more than passing interest.

The case of the People vs. Elizabeth Carter and John Carter charged with arson was called. This is the case where a house burned on Wolcott street in the First Ward some months ago. The fire department was called and apparently the fire was extinguished. After the fire department had gone the house again was discovered on fire and burned. The circumstances were such that Elizabeth and John Carter were indicted on the charge of arson.

When the case was called a motion for continuance was entered for Elizabeth Carter. This motion the court took under advisement and will make a decision this morning. In the case of John Carter the defendant was called and failed to appear. His bondsmen were then called and also failed to appear or produce him in court. The bondsmen were John W. Baptist, E. W. Calvin and John Wolfe. When they failed to answer and the court declared the bond forfeited.

Another case which came up and was finished was that of the people vs. James Doyle, Harry Cruse, James Fisher and Frank Fisher, charged with burglary and larceny. It will be remembered that these men were arrested on the charge of robbing a barber shop in Franklin. They were arraigned before Justice Dyer and bound over to the grand jury and a true bill returned. At the time of this hearing one of the men openly said that they were being "shanghaied."

They sent for an attorney and secured Paul Samuell. The men have been in jail for several months and as they were without funds they deemed it best to throw themselves on the mercy of the court. States Attorney Tilton recommended clemency and suggested that each of the men be sentenced to jail for a period of thirty days and to pay a fine of \$1 and costs. This sentence was pronounced by the court and accepted by the defendants.

The case of the people vs. Harry Tower charged with larceny was also disposed of. The defendant, Towers, was paroled to his father, Joseph Towers, and the case continued for a period of one year.

The following orders were entered:

### Peoples.

People vs. Elizabeth Carter and John Carter. Arson. Motion for continuance in the case of Elizabeth Carter and bond of John Carter forfeited.

People vs. James Doyle, Harry Cruse, James Fisher and Frank Fisher, burglary and larceny. Default.

### PIMPY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Olive Tablets. Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immense effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

## Two Different Effects

The quality of food is very largely determined by the ingredients in the baking powder with which it is made. Cream of tartar baking powders, such as Dr. Price's, add only healthful qualities to the food.

The cream of tartar of Dr. Price's Cream Baking Powder as used in food has the same wholesome effect on the digestive system as the cream of tartar in grapes, from which it is derived.

On the other hand, it is in evidence that objectionable mineral residues exist in food made with alum baking powder.

There is a clause on baking powder labels which names all the ingredients. Read it and let it guide you.

## COMING CONFERENCE MEETING IMPORTANT

ANNUAL SESSION OF ILLINOIS INTERCOLLEGIATE ASSOCIATION.

Will Award Basketball Tournament, Track and Tennis Meets, Decide on Eligibility Rules and Elect Officers at Meeting to Be Held in Peoria, December 10.

Peoria will become the center of the athletic world for the minor colleges of Illinois on Dec. 10, when the coaches of the I. I. A. A. gather here for their annual fall meeting, says W. C. Jacquin, writing in the Peoria Star. This meeting, according to President Fred Brown, is the most important of the year, as there is much pressing business on hand to be settled up, besides any new affairs which might make their appearance.

The meetings will be held at the Jefferson hotel, and sessions will be held from 10 o'clock in the morning until 12 m. that night, with recesses only for lunches. Among the most important affairs to come up are the awarding of the annual basketball tournament, the annual track and tennis meet in the spring, the awarding of the football championship for this year and probably the picking of an official all-state team and awarding the place and date of the next meeting.

One of the smaller matters, but still of vital importance, is the matter of eligibility of both officials and players.

Knox and Monmouth?

There is still another matter that has been drawing more and more attention every year, and is bound to be the subject of much discussion at this meeting. That is, as to the future relations with Knox college and Monmouth of the present association. It is generally conceded that Monmouth would be glad if the chance to come in, providing that she gets the opportunity to do so without having the bid to enter seemingly coming from herself. If Monmouth desires to enter, as the association would wish, the bid would probably come thru some other school in the form of a motion inviting Monmouth to enter. In case this is done, and everything goes thru, the matter would have to be laid upon the table until the May meeting, when it would be decided upon finally. The case of Knox, however, is a more serious affair, and it comes from a good authority that the only way that Knox could enter would be by the consent of the entire association, and by an agreement signed by the president of the school and two other faculty men that would be virtually the same as an iron-clad contract, in order to prevent any such occurrence that happened a few years ago under the old regime. If this could be brought to pass it would greatly improve the conference, but the presence of Knox and Monmouth, while desirable, is by no means necessary to the life of the association, as to the possibility of any of the schools withdrawing and entering the "Little Five" the chances are very slim.

Awarding Meets.

The awarding of the annual basketball tournament is going to be hotly contested, as there are three schools out for it, namely: Bradley, Wesleyan and Millikin. Bradley had the affair last year and made a huge success of it, with Reynolds refereeing, and with him again the last school is going to make a still stronger bid for it this year. The fact that Bradley has the weakest team of the three according to the early dope, their floor will be more of an advantage to the weaker teams and a hindrance to the stronger ones than those of the home floors of Millikin or Wesleyan, and in addition Bradley is considered an ideal floor. Millikin is claimed, is going to put in the strongest kind of a bid, but what is not going to help matters any is when the other members stop to think that the Decatur floor is one-fifth as large again as any other in the conference. Wesleyan's bid is the dark horse; no one knows what kind of a proposition they are going to offer, but it can be depended on that Muhl has something up his sleeve. He will not, however, be awarded the tournament on the Bloomington Y. M. C. A. floor, as it is entirely too small. In seating capacity Bradley has a shade over the others, and certainly their accommodations last year were almost, if not perfect.

The annual track and tennis meet will also be awarded, but this will without doubt be awarded to Bradley, as they have handled it in the past several years with great success, and also have the facilities for handling it.

Pennant to Illinois.

Great interest is being taken in the clearing up of the football matters. The football championship of the conference will be awarded to Illinois college undoubtedly, as she has a steel claim on it. There are, however, teams that are liable to be shaken up in the standings as the result of the discussion of the eligibility of certain players. No team is safe until it has the pure food seal of the conference upon it, and any team will lose all its games in which an ineligible man has played.

Another matter of great interest will be an official all-state team, and this will put a stop to a lengthy discussion on the merits of the different men. Officials will also come in for their cleansing under the "pure food" ruling when the lists are made up. This list will contain the names of all the men whom the conference recommends for officiating at its football and basketball games.

The election of officers also takes place, and whether there will be a shift this year or not remains to be seen. Certainly the present officers have done most efficient work in their various positions, and the association's president, Mr. Brown, is

truly the father of the association, having fostered the idea and brought the organization up to its present high system of athletics and sportsmanship.

There are many minor matters, such as the ushering in of the new representatives, the reports of the different committees, naming of men to fill vacant places on other committees and any other unexpected business that may chance to come up.

## SUNDAY SERVICES AT FIRST BAPTIST CHURCH

Sunday morning and evening Miss Amy Stockton the remarkable young lady preacher of California occupied the pulpit. She and the pastor, Rev. Percy W. Stephens, were classmates in the Northern Baptist Theological seminary at Chicago. Large audiences were present at both services and all were much impressed by the young lady's discourses. But but 23 years of age she has already achieved wonderful success in presenting the truths of the gospel and if her life and health are spared a career of great usefulness doubtless awaits her.

In the morning her theme was the "Second Touch" and she drew her suggestions from the miracle of healing the blind man by the Blessed Savior. When the Master first laid His holy hands on the sightless orbs the man saw men as trees walking but when the eyes were touched the second time he saw perfectly. This the young lady applied to many Christians, who seem to be converted and indeed have an imperfect spiritual vision but unfortunately stop there for from the goal the Master would have them reach.

In the evening her theme was the uncertainty of life and she took for her text the words of the wise man, "Boast not thyself of tomorrow for thou knowest not what a day will bring forth." She dwelt on the importance of making use of the present opportunities and not putting off till a convenient season the performance of life duties.

## Has Faith in Quick Remedy For Catarrh

Coover & Shreve Guarantee That Hymel Will Relieve the Worst Case of Catarrh in Jacksonville.

When one of the most reputable concerns in Jacksonville guarantees that a medicine will produce benefit or they will refund the money, it speaks volumes for the merits of that remedy. It is in this way that Coover & Shreve are selling Hymel, the treatment that has helped so many cases of both acute and chronic catarrh in Jacksonville and vicinity. Hymel is not a pill nor is it a spray or a lotion that must be rubbed in. It is an oil, the air of which you just breathe in your nose, throat and lungs by the aid of an inhaler that comes with every outfit. Benefit will usually be seen from the very first treatment.

This aid destroys all germ life in the air passages and lungs and enriches and purifies the blood with the additional ozone it supplies. It banishes catarrh of the head and throat and respiratory organs. Wherever these mucous membranes contain catarrhal germs, there Hymel will do its work of healing. When using this treatment, the air you breathe will be found like that on the mountains high above the sea level, where grow the balsamic trees and plants which make the air pure by giving off volatile anti-septic fragrance that is healing to the respiratory organs.

The complete Hymel outfit is inexpensive and includes an inhaler, dropper and sufficient Hymel for several weeks treatment.

Remember that if Hymel does not relieve you Coover & Shreve will refund your money. This is a good time to get rid of catarrh by this natural method and prevent catarrhal colds that are so common at this season.—Adv.

## FOR BRONCHITIS, SEVERE COUGHS

COLDS AND WHOOPING COUGH

Make the Best Medicine at Home—128 Teaspoonful for 50c.

Money spent for the old style, ready-made medicine usually sold in bottles holding only 2 to 2 1-2 ounces (16 to 20 teaspoonfuls) is largely wasted, because most of them are composed principally of sugar and water. Yet you have to pay the same price as if all were medicine. Stop wasting money. You can make a better remedy for bronchial affections, at home at one-fifth the cost. Merely go to M. E. Gilbert's drug store and ask for 2 ounces (50 cents worth) of Schiffmann's New Concentrated Expectorant, which they guarantee will give perfect satisfaction or money will be refunded. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (128 teaspoonfuls). This new, simple, pleasant remedy is guaranteed to relieve the worst cough, or

## CHANGES MADE TO REDUCE STATE STREET PAVING COST

Ordinance for That Purpose Passed by City Council—Anti-Cider Ordinance Passed.

The city council will not pass any ordinance to disconnect property from the city unless it can be shown that such action will be a distinct benefit to the city at large. This was the policy enunciated by Mayor Rodgers at the city council session Monday morning in which all members concurred. The statement was made in connection with the reading of an ordinance which proposed the disconnection of twenty acres of land in the southwest part of the city belonging to the estate of the late Ralph Reynolds. The land is unimproved farm property. Members of the council at previous sessions had stated that for personal reasons they would be glad to accede to the request of the executors of the estate that the land be disconnected but they thought such action would set a dangerous precedent and would be followed by other requests to disconnect property.

Mr. Martin made a motion that the ordinance be not adopted and met with a second by Mr. Widmayer. In the discussion which followed Mr. Cox said that this property and that adjoining it on the north might well be disconnected from the city for some reasons. He said that the Spaulding tract was overgrown with weeds and that it had seemed impossible to get in touch with the owner of the property in Springfield. Mayor Rodgers said that an ordinance was in effect which made it lawful for the city to have the weeds cut and charged up against the property if necessary.

The ordinance making it unlawful to sell or at any time during the year except the months of September, October and November was given a second reading and adopted. The mayor said that several persons who sell cider over the counter had asked that they be given time to dispose of the stock on hand, but since the ordinance does not become effective until thirty days after its publication, it was deemed that the time thus allowed would be sufficient.

A resolution was read changing the specifications for the proposed West State street pavement so that the amount of paving at the intersection would be less. This will result in changing the estimated cost from \$53,467.70 to \$50,907. The council adjourned temporarily while the board of local improvements was in session and favorable action was then taken on the change in specifications and the ordinance which had been provided was transmitted to the council for passage. This ordinance prepared by City Attorney Reeve includes the engineer's estimate and as soon as the board of local improvements adjourned this was given the first reading. The estimate made by Engineer Henderson is as follows:

|   |             |
|---|-------------|
| 15,506 square yards asphalt at \$1.90 yard              | \$29,461.40 |
| 4,854.2 square yards brick paving on concrete at \$2.16 | 10,485.07   |
| 4,552.5 square yards excavating at 55c                  | 1,488.37    |
| 6 catch basins at \$30                                  | 145.00      |
| 10 iron inlets at \$14.50                               | 145.00      |
| Court costs, etc.                                       | 2,830.66    |
| Total   | 50,007.00   |

As previously indicated, the former estimate was \$53,467.70. The reports from departments were all brief, Mr. Cox mentioning some sewer work and Mr. Vasconcellos some repair work on Hamilton engine in the light department.

## IN JUSTICE COURTS.

The case against E. J. Dupre for assault and battery on the person of Mrs. Lucinda Winterbottom was tried Monday forenoon in the court of Justice Henderson and the defendant was found not guilty. The prosecution was represented by Judge Layman, J. O. Priest and States Attorney Robert Tilton. Carl E. Robinson appeared for Mr. Dupre. In Justice Coons' court Monday, at the preliminary hearing of Charles Winterbottom for assault with a deadly weapon on the person of E. J. Dupre, the defendant waived examination and was bound over to the grand jury.

## HAD SCHOOL HOUSE BURNED.

Thomas Lonergan and daughter, Rosaleen, of Murrayville, and Mrs. Louis Pieper of this city have returned from a week's visit with Mr. Lonergan's mother, Mrs. Thomas Maroney of Rushville. They were accompanied here by Miss Agnes Lonergan. The Schuyler county school building of which Miss Lonergan is teacher was recently destroyed by fire and she on that account will spend several weeks with Mrs. Pieper.

## NORTHMINSTER CHURCH RAISES \$1,800 ON DEBT

"Thousand Dollar Day" Sunday Proved Real Giving Time—Special Exercises Held During Day.

While the pastor and people of Northminster church believe in revivals and gathering souls into the fold which is the great end aim of a church, they also believe in paying their honest debts in a business like way and to that end the efficient pastor, Rev. Walter E. Spoonst, and his people have worked industriously together and a frightful obligation of some \$17,000 when he came here four years ago, has been brought down to something like \$7,000, which doesn't look nearly so formidable.

Sunday was announced as Thousand Dollar Day and toward that end all efforts were bent and cash only was asked for and received, and the result was something over \$1800 with a strong prospect that it will fully equal \$2,000 when all are heard from. It would no doubt have exceeded that sum had the day been clear and pleasant but the weather was so inclement that many were constrained to remain at home.

It was surely a day of services at the church. First came Sunday school in the morning; then preaching by Dr. Penhallegon of Decatur; then a basket dinner enjoyed in the community rooms, all the good things being brought ready to eat with no cooking or coffee making in the church; then a praise service led by the pastor and heartily entered into by all for praise was in their hearts; then another sermon by Dr. Penhallegon; a luncheon eaten by a good many; the young people's meeting and finally a sermon in the evening by Dr. Penhallegon.

## BAD COLD? HEADACHY AND NOSE STUFFED

"Pape's Cold Compound" Ends Colds and Grippe in a Few Hours.

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, quinsiness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound", which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Advertisement.

evening by Dr. Penhallegon. Dr. Morey was also present in the morning and afternoon services and assisted in an acceptable manner.

The hearty manner in which the people entered into the enterprise showed plainly that their hearts were in the work and they rejoiced to assist in extinguishing the church debt. Contributions came from good distances, one from New York and one from California, while many not members of the church assisted. There were many pleasing incidents connected with the occasion. A gentleman and wife had ten dollars to give but wanted to make it more and offered a horse and buggy for \$150 which was bought and they gave \$160. The pastor's Invaluable Bible Class gave nearly \$500. While the wee ones of the infant class put in a mite of ten dollars; fifty dollars was promised by the "Little Folks' Church" and they went twelve dollars above that sum while the "Jolly Ramblers", a class of country girls, did nobly with fifty dollars and the ever faithful ladies' aid came forward with \$110.

The cordial manner in which pastor and people work together in this church is indeed gratifying and

## YOU'RE BILIOUS! LET "CASCARETS" LIVE LIVER AND BOWELS

Don't Stay Headachy, Constipated, Sick, With Breath Bad and Stomach Sour.

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10 cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.—Adv.

# WORLD'S MARKET NEWS

## WHOLESALE COMMANDEERING BY CANADA RESULTS IN BROAD DEMAND

Quotations Close Firm at an Advance of 2 1/2 to 2 3/4 Cents Higher—Corn and Oats Gain.

Chicago, Nov. 29.—Wholesale commandeering by the Canadian government resulted in a broad demand here today for wheat, notwithstanding sharply divergent views regarding the ultimate effect on prices of the United States, the action of the market clearly indicated that a majority of traders here contracted developments in Canada as favoring at least for the time being a higher level of values. Quotations closed firm with December \$1.054 and May \$1.084, an advance of 2 1/2 to 2 3/4 above Saturday's finish. Corn gained 1c to 1 1/4@1 1/2c net, and oats 2 1/4 to 2 3/4@2 3/4c.

In provisions the outcome ranged from 2 1/2c decline to a rise of 12 1/2c. Excited buying of wheat at the opening carried the market up with a bushel but when the upturn amounted to 2 1/2c a bushel and was beginning to appear sensational offerings which at first had been scarce became quickly much more abundant. The result was a moderate reaction to slightly under the initial range. Subsequently, however, word of export sales of 500,000 bushels to be shipped by way of the Gulf of Mexico tended to cause a rally, which left the market in the end within 1/2c of the topmost level of the day.

Apparently the most popular opinion acted on by the rank and file of dealers in wheat was that huge seizure in Canada showed the urgency of European need for breadstuffs from America and that the United States would sooner or later be called on to furnish a liberal share of the requisite total supply. Leading exporters who were by no means so sanguine and were not at all backward in declaring that the British government was evidently determined to minimize the price of wheat and that the preference given to the immense surplus in Canada would surely reduce export business from the United States and have a bearish effect on values, especially as an adequate freight steamship service from this country would be lacking to a serious extent.

## \$100,000 FOR PASSAVANT HOSPITAL WILL MEAN BIGGER AND BETTER FACILITIES

### Passavant Hospital Campaign Team Workers

These are some of the people who are going to untie the hands of the hospital and give it a greater scope for usefulness. This list is not quite complete, but the vacancies will be filled today. Some of the surrounding towns are to be heard from and these promise strong support as practically fifty per cent of the patients at Passavant come from neighboring communities.

### APPLICANTS MUST BE POSTED TO GET NATURALIZATION PAPERS

Many Questions of Civil Government Asked by U. S. Examiner Thompson—Two Applicants Granted Papers.

It requires some knowledge of the United States for one to get naturalization papers these days. A number of applications were made in the circuit court Monday afternoon and two were granted papers. Two cases were continued and one was dismissed. The time was, and that was not long ago, when all one had to do was to get two citizens to go and vouch for him as to his length of residence in the country and the papers were issued. But that time has passed. Now one must know something about the government and who runs it.

At the hearing Monday C. R. Thompson United States naturalization examiner was present. Mr. Thompson has headquarters in Chicago and all of the applications are referred to his office and some one is sent out to examine the applicants. The questions asked of the applicants are such that probably would stump some native born American citizens if they were asked them off hand without a chance to look up the matter. For instance one of the questions asked was how many states are there? Now when some present were in school they knew there were 38 states and ten territories. But that was a long time ago. Now they have added to them until one who has not been in school for a number of years and has not kept in touch with the admittance of state to the union would have a hard time to answer the question.

All of the applicants but one did fairly well in the answering of the questions put to them. Bartl Paul who was dismissed was not up on scarcely any of the questions. He was advised by Judge Jones to go back and do some studying and find out something about the country before he tried again. The question of granting citizenship to James Reidle and Hector Derdeyn was continued. Derdeyn's case, however,

### GIRLS! HAVE A MASS OF BEAUTIFUL HAIR SOFT, GLOSSY, WAVY

25 Cent Bottle Destroys Dandruff and Doubles Beauty of Your Hair

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxury.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advertisement.

was not on account of a lack of knowledge of the laws and government of the country. On the contrary he was well posted but some of the earlier papers he had filed were missing and action was deferred to look them up. Papers were granted to Manuel Darush of this city a native of Madeira, and to Herman Kleinschmidt, a native of Germany. Kleinschmidt has been living with a German family near Meredosia and he showed a remarkable knowledge of the government of the United States and its elective officers. He is a young man and while he may have been studying up on the matter it is to his credit that he answered the questions put to him in a manner that would do credit to any American schoolboy or school girl who have been studying all the time. As one gentleman remarked it was another illustration of "German preparedness."

### AN ORDINANCE DECLARING THE SALE OF CIDER TO BE A NUISANCE.

Be It ordained by the City Council of the City of Jacksonville, Illinois:

Section 1: That the selling, bartering, giving away, exchanging, delivering or in any manner furnishing to any person or persons at a bakery, restaurant, tavern, hotel or boarding house, grocery store or saloon, or in any room, cellar, or shed attached or adjacent thereto, or connected with any such place of business, or in any public grounds or other place of business or place of amusement within the corporate limits of said city of Jacksonville, of any cider in any quantity, and the allowing or permitting the same to be drunk or used in or upon any such premises as herein above mentioned, is hereby declared to be a nuisance, and any person or persons, company or corporation who shall create, maintain, continue or suffer to exist, any such nuisance in or upon any such premises under his or its control, on conviction thereof, shall be fined in any sum not less than twenty-five nor more than two hundred dollars for each offense. Provided, that places where cider is manufactured shall not be construed to be places of business within the meaning or intent of this section during the months of September, October or November, nor shall this section be construed to restrict the sale of sweet cider in any quantity within the limits of said city during the last mentioned three months.

Section 2: All Ordinances and parts of Ordinances in conflict with this Ordinance be and the same are hereby repealed.

This Ordinance shall be in full force and effect from and after its passage and legal publication.

Passed as a regular meeting of the City Council this 21st day of October, A. D. 1915.

Approved this 29th day of Nov. A. D. 1915.

## Pimples and Skin Eruptions Danger Signs of Bad Blood

It May Mean Eczema, Scrofula—The First Sign of Inherited Blood Disease

Pimples, scaly itching skin, rashes, burning sensations and Scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth, but no matter how you were infected, you must treat it through the blood. It is blood disease. You must use S. S. S., the standard blood tonic for 50 years if you expect certain relief. For purifying the system, nothing is equal to the action of S. S. S. is to cleanse the blood. It soaks through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull sluggish feeling leaves you—the complexion clears up. Even long standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. ## Scientists discover the cause of bleeding gums and loose teeth

The old idea that bleeding gums and loose teeth (symptoms of pyorrhea) are due to little pieces of tartar or bone under the gums, has been exploded. Scientists have made the astounding discovery that this disease is caused by a germ which is found in every human mouth.

This germ is the most active and destructive enemy of your teeth. Are you protecting them against it? You can ward off its constant attack and escape the dread results of the disease by using the proper corrective and preventive treatment in your daily toilet.

To meet the need for this treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient form

of Senreco Tooth Paste. Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sental Remedies Co., 506 Union Central Bldg., Cincinnati, Ohio.

### MRS. MARY GRADY DIED AT HOME NEAR MANCHESTER

Was Pioneer of Scott County and Just 83 Years of Age—Funeral Will Be Held in Murrayville Wednesday.

Mrs. Mary Grady passed away at her home near Manchester Sunday at 9:10 o'clock at the age of over eighty-three years. She was one of Scott county's respected pioneers.

Mrs. Grady was the daughter of John McCarthy and Mary Merritt McCarthy was born November 13, 1832, in one of the most beautiful parts of Ireland; the parish of Ahane in county Limerick. It was in that parish that she received her education in one of the National schools of the period. In those schools great attention was given to needle work and in this she excelled, which was of great benefit to her in after years in rearing a family of seven girls which God saw fit to place in her care.

When eighteen years old she came to New York with a company of relatives and remained in New York for a period of four years. Having a number of her father's people in the west, as Chicago was then called, she decided to go to Chicago and there remained four years where she was married to Edmund Grady in January, 1858. Very soon after her marriage she with her husband came to Scott county to visit a sister, and the country seemed to hold out such great inducements that they concluded it would be better for them to remain. They lived on different farms for a few years then purchased a farm in the vicinity of Manchester where they continued to remain until death came to each of them.

In her younger years Mrs. Grady always ministered kindly to the wants of those around her, getting up in the middle of the night, when called upon, and going to the bedside of sick neighbors and the neighbors, grand old families, the fathers and mothers of which she saw one by one pass away. Their places taken by some member of the family, so that the neighbors of today are the children and grandchildren of those whom she found so nicely settled when she came among them. She did not wish to leave her farm home after the death of her husband in 1913, it was too filled with sacred memories.

Mrs. Grady was the mother of eight daughters as follows: Margaret and Mary at home, Sister Mary Carmelita of St. Patrick's School, So. Chicago; Mrs. Joseph Metzger Springfield, Mrs. M. P. Mahoney, Carrollton, Mrs. W. H. Mason, Jacksonville, Jennette, who died in infancy and Mrs. Thomas McCarthy, Murrayville. She also cared for five orphans who lived with her for periods of from six to eight years.

Mrs. Grady was a devout Catholic and often braved the elements in a nine mile ride to attend mass. This was a source of inspiration to her family and was the most forcible and convincing sermon she could leave them.

The funeral will be held Wednesday morning at 9:30 in St. Bartholomew's church in Murrayville in charge of Rev. Father Flynn and burial will be in St. Bartholomew's cemetery.

### COMING WEDNESDAY AT THE GRAND.

One of the real successes of last season in New York was "The Only Girl," first seen at the 39th street Theatre, and later at the Lyric, it running out the entire season at these two houses. Joe Weber, who produced it in New York, will offer "The Only Girl" at the Grand tomorrow night. The book of this successful musical comedy was written by Henry Blossom, who also provided the lyrics, the music was composed by Victor Herbert, and it was staged by Fred G. Latham. These three have before been associated in the production of musical plays and the combination always has been a happy one.

### GAS MEN ASSEMBLE IN WASHINGTON.

Arriving Congressmen Say They're Not Needed This Session.

Washington, Nov. 29.—Gas makers from all sections of the country are gathering here today for the convention of the National Commercial Gas Association, which opens tomorrow. Congressmen who are returning from their native hearths armed with vocabulary for the coming session of Congress declare there is no need of the gas men in the capital city at this time, so far as supplying them is concerned. The coming of the gas men and the congressmen is merely a coincidence, according to official decree of the senate and the pipe line men. Fully a thousand gas men will be on hand when the convention opens tomorrow, and their number will include the makers of gas appliances.

### RAY STATE FARE

Case Again Up.—Boston, Nov. 29.—The Public Service Commission of Massachusetts will today hear arguments on the motions to throw out certain evidence introduced by valuation experts in connection with the hearings now under way on the application of the Ray State Street Railway to increase its fare to six cents from five cents. The jurisdiction of the Commission is also questioned, and some heavy arguments are expected. The hearing on the rate case will be reopened next February, when the remonstrants will be heard.

### REAL INVESTMENT AND STOCK VALUES DISCUSSED IN RATE CASE

Brief on Behalf of Petitioners Is Filed—Declares That Securing of a Fair Rate Is Basis of Whole Proceedings and Must Not Be Obscured by Other Issues.

The reply brief filed by John J. Reeve, city attorney, and Stevens & Herndon, for the complainants in the Jacksonville rate case, covers about fifty-eight pages. The brief discussed the general conduct of the proceedings before the commission and compares the different estimates to investments and reproduction. There are comparisons, too, as to appraisals, the going value of the utility property, the proper rates of return, and then some discussion of franchises and of the advantages of combined management.

The attorneys object to the suggestion made for the company that the great problem before the commission is to deal with the subject of regulation that the resources of the state may be developed and capital invited to invest in this form of security. It is declared that the holding of courts and commissions has proven that the first essential of rate regulation is the securing of rates which are fair to the public first of all and then to the public and the company if possible.

The complainants' attorneys devote some space to protesting against the effort made by the company's attorneys to have Mr. Hubbell, who is an accountant, give testimony as to what constitutes proper operating expense, and the relation of fair investment value for rate making to stocks and bonds. It is set forth that the question of what constitutes fair value and operating expenses are the two principal issues in the proceeding and that the commission will pass upon them only after the fullest investigation. The brief criticizes the attitude of Mr. Fischer, a witness for the company, who when asked as to his reasons and foundations for values, always referred to his experience. In the discussion of investment, the attorneys for the complainants intimate their belief in an attempt by the company's attorneys to involve the proceedings in hopeless confusion.

### Discuss Investment Figures.

Considerable space is devoted to a discussion of actual investment as opposed to the face value of stocks and bonds. Here the attorneys say, "Having construed the holdings in those cases to be that the face value of stocks and bonds constituted the measure of actual cost regardless of their relation to the amount actually invested and losing sight of the fact that the sole reason why the commission did not there deduct accrued depreciation was because former rates had not been sufficient to include any allowance for such depreciation, counsel for the company uses these cases as supporting its position that the face value of the securities issued by it measures the amount upon which under the actual cost method a fair return should be allowed."

### Decreased Earnings Cited.

This is given as the company's definition of actual investment and the attorneys then go on to say that if counsel is thus allowed to formulate their own definition of actual investment, there would be no trouble by them in showing any desired amount embraced within it. The brief sets forth that while the company's attorneys claim that \$466,366.65 was paid for the electric and gas properties, and \$220,306.79 for the street railway property, that there is no evidence to prove this statement and that in fact these figures represent only the face value of stocks and bonds, and that the face value of such stocks and bonds was far in excess of the actual number of dollars invested by the company. Here the brief goes on to say, "In other words, the purchasers seem to have adopted the attitude practically universal with promoters, of assuming that the seller of the plant was of not much force as a manager and that they, the purchasers, would be able to put into effect new plans and inaugurate new systems and thus become able to pay a higher rate of return upon a much greater stock and bond capital." Comment is made upon the evidence that while the company claims to have added fifty per cent to the aggregate capital as it existed in 1906, that it has made very little increase in earnings. Comment is made also upon the fact that following a purported program of improvement, that the deficit in the operation of the gas plant for the year 1914 amounted to \$3,483, according to the company's figures.

### Concluding Statement.

In conclusion the attorneys say, "Through the company's entire brief there is present an attempt to impress upon the minds of the commission a necessity for not interfering with the face value of its outstanding securities. Every argument possible to be made has been advanced by it in an endeavor to procure a valuation and a rate of return which would give color of truth to representation that respondent's securities had not been inflated. The commission has been warned against the evidence of its own engineers, its sense of liberality has been appealed to as to what had before it the disposal of its own property and not the disposal of rights belonging to the citizens of Jacksonville. A decision adverse to the company's desire has been pictured as equivalent to placing the state on record as opposing any advancement in legitimate public utility development, and there has even been threatened out a serious threat of what might happen upon appeal and of possible adverse action by the courts in case the commission's decision did not meet the company's approval."

Mr. and Mrs. J. B. Sibert and Miss Marie Sibert have returned from Louisiana, Mo., where they were Thanksgiving guests at the home of Mrs. Sibert's mother.

## CHAPIN LOSES TO Y. M. C. A. TEAM; SCORE IS 50 TO 20

Both Teams Do Best Work in Second Half—Other News Notes of Chapin and Vicinity.

The Chapin basketball team met the Jacksonville Y. M. C. A. boys Monday night at the association building and in a game which opened somewhat listlessly but gained much in speed and vigor as time went on, met defeat by a 50 to 20 score. Tholen, at center, did the best work for Chapin, throwing three field baskets and three foul goals. Harold Swain, with five field baskets and two fouls and Ricks with five field baskets, led the Y. M. C. A. boys in points gained.

The Chapin lineup: Williams, rf; Bayliss, lf; Tholen, c; Perbix, rg; Anderson, lg.

The Y. M. C. A. lineup: Horace Swain and Ricks, rf; W. Wood and Harold Swain, lf; Spink, c; Spaulding and Walker, rg; Hembrough and Maddox, lg. Walton Boxell and Dale Boxell alternated as referee and umpire. Prof. J. H. Rayhill was timekeeper and Verne Johnson, scorer.

The score at the end of the first half was 22 to 12 in favor of the association team.

SCHOOL NOT CLOSED.  
Riley Spachnow, a director of Science Hill school near Pisgah, stated yesterday that the information handed the Journal a few days ago about the school being closed on account of scarlet fever was a mistake. There was only one case in the community and that child had not been to school.

BURIAL WILL BE HERE.  
Word has been received from Warren Baker of Cape Girardeau, Mo., sister of Mrs. Mary Sallee, who died here last week that interment will be made in this city. The exact time is not yet known but probably will be today or tomorrow.

## PHELPS & OSBORNE'S STORE ALL READY FOR WINTER

Big Seasonable Stocks Are Offered—Toy Display Very Extensive.

The Phelps & Osborne store is now in readiness for the holiday business. The shelves and counters are crowded with seasonable merchandise and there are special stocks suited to the holiday season. There is every indication that this will be a good old-fashioned winter and in preparation for just such weather Phelps & Osborne made liberal purchases of ready-to-wear and dry goods in demand when cold weather comes. Just now special attention is being given to the basement rooms where the great stock of toys and gift goods for children are displayed.

Liberal purchases were made this year and from the appearance of the big basement rooms there has been no difficulty in getting both foreign and domestic made goods of the kind that give joy to children at the Christmas season. It is well worth the time of parents to take their children to "Toyland" at Phelps & Osborne and the visitors will be welcome there. In your purchases for winter and in making ready for Christmas which is now but a few weeks distant, do not fail to visit the Phelps & Osborne store for the stocks have been splendidly selected and you will find the display extensive.

## THE NARCOTIC LAW.

According to a statement from Springfield, there is still some trouble between druggists and physicians related to the federal narcotic law. There is a question as to whether prescriptions which contain any narcotic however small in quantity shall be considered as narcotic prescriptions and thus subject to the law requiring the name of the patient, the address, name of the physician, registry number, etc. As an example, paregoric when sold alone is not considered a narcotic, but when it is mixed with other ingredients in a prescription it is so considered and the mixture must be sold in conformity with the law which requires the names, etc. before mentioned.

## "THE ONLY GIRL" COMES WEDNESDAY

In writing "The Only Girl," which is to be produced at the Grand opera house tomorrow night by Joe Weber, the author of the book, Henry Blossom, evidently bore in mind that theatregoers, while wishing to be amused also desire to have their amusement served up in a sane fashion. He has, therefore, so it is admitted, provided a libretto that contains a story, both consistent and plausible, and has been to some pains to draw his characters so that they resemble human beings. Added to this, that the lines are witty and that the lyrics mean something, it was not so difficult for Victor Herbert, the composer, to provide a score that the critics have declared to be admirable in every respect.

A well known Jacksonville merchant said yesterday that he had seen "The Only Girl" at a city theatre and that it is the best musical show that he ever witnessed. Manager Johnson has personally guaranteed the production as of the very highest class and on the interest the public demonstrates by attendance will depend whether or not other good shows will be booked. The opera house management cannot afford to bring the "good ones" here unless the patronage justifies it.

## WILL INSTITUTE REBEKAH LODGE AT ARENZVILLE

A new Rebekah lodge will be instituted tonight at Arenzville, under the direction of Mrs. Myrtle W. Tandy, past president of the Rebekah State assembly. The Past noble grands of Caritas Rebekah lodge of this city will also assist in the work. There are twenty four charter members and the lodge promises of much interest and good for that community.

## SUCCESSFUL CEREMONIAL HELD BY D. O. K. K. ORDER

Hiderim Temple Follows Banquet by Initiation of Seventeen Candidates—Many Visitors From Out of City.

Hiderim Temple No. 62 held their annual fall ceremonial in Castle Hall Monday night, which was largely attended, many being present from out of the city. Seventeen candidates were given the work. This brings the total membership to 351. A banquet was served at six o'clock with James H. Hall, as royal chef, assisted by Edward La Boyteaux and fifteen other votaries. Among the guests from away were C. A. Dobson, Royal Vizier of El Medi Temple No. 1 of Peoria; J. H. Shriver, Past Royal Prince of Virden; E. W. Bridges of Virden, W. H. Rhorer and Charles S. Dikes of Waverly; R. L. Vandersbee of St. Louis; W. B. Strang, Roodhouse; Carl E. Taylor, Herman Smith and William Wolf of San Jose; Harry E. Bell, White Hall; S. H. Wicks, Springfield.

The temple was presided over by C. A. Dobson. Mr. Dobson had the honor of presiding at the Imperial Palace meeting at Asbury Park last summer. Mr. Shriver, who was also among the guests present, is a loyal Dokey. For three times he has been appointed a delegate to the Imperial Palace, in 1904, 1905 and 1906.

The following candidates were given the work: E. D. Canasey, H. D. Capps, Jeffrey Cleary, Clyde R. Merrill, E. L. Snyder, Floyd E. Sult, Charles B. Padgett, C. J. Fuhrer, Vol Sevier, Carl O. Faugust, Ollie Parker, O. Nelson, Harry L. Smith, Wallace Carter, Ray C. Walker, Bernard R. Cole, Charles F. Holbrook.

The following are the officers who put on the work: Shiek, E. P. Brockhouse; G. E. Frank Bracewell; Madeli, B. P. Dunlap; Joe, L. G. Vaught; Makanna, L. B. Turner; Satrap, H. L. Bar'ow; Sahib, John Carl; Camel Driver, Otis Erney; Sentinel of Desert, A. W. Baldwin; Tolphi, J. I. Graham; Mahedi, L. B. Turner; J. H. Shriver, conferred the secret work.

The following composed the orchestra: T. E. Drake, George W. Gerlach, M. E. Gilbert, Glen Skinner, Charles E. Sheppard, Earl White, C. J. Large and Ivan Hawk. After the work the Gorman Bros. vaudeville team, which is the attraction at the Opera House, entertained the members very delightfully for an hour.

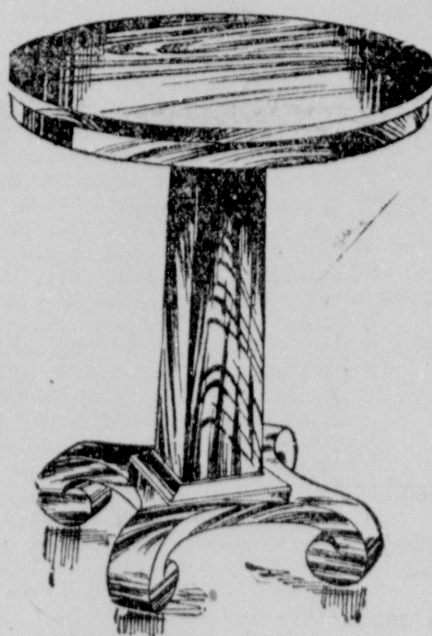

Remember the First Baptist church supper tonight.
